OUR COMPANY

Since 1959, Pekintaş has provided quality services to clients by providing them with the professional care they deserve.

Pekintaş Group has over twenty companies in areas of manufacturing, construction, project development, project based service and maintenance. As a group, Pekintaş can offer turn-key solutions with the highest level of professionalism through the integration of its group companies and sectors.

Pekintaş Construction, founded 65 years ago, focuses on pre-cast / concrete construction elements manufacturing.

Aluform Pekintaş, founded 25 years ago, focuses on sandwich panel manufacturing for wall and roof insulations, and turn-key project development.

Schmid Pekintaş, is a 10 year old German - Turkish PV module manufacturer. With Pekintaş Group's 100 years of experience combined with the German SCHMID Group's 160 years of experience, Schmid Pekintaş represents a unique experience of over two centuries. With an annual capacity of 2.5 GW, Schmid Pekintaş is the largest solar module manufacturer not just in Turkey but also in the entire European region.

Pekintaş Group also has capabilities in offering EPC solutions as well as the development of big-sale licensed turn-key projects.

Collectively, our group companies have celebrated its 100 years of operation in the 100th year of the Republic of Turkey.

We hope to continue to strive for excellence in what we do and leave a positive mark with our service.

We Build Solutions and We Build To Serve.
